

## Commodore's Message

Come enjoy a social evening and pizza party at our general meeting Thursday, October 11, at the Farm Bureau starting at 6:30 PM. General business at this meeting will be held to a minimum in order to maximize social time. I would appreciate your letting me know if you plan to attend and how many of you there will be, so I can estimate how much food and drink to get. My email is [roberth@csufresno.edu](mailto:roberth@csufresno.edu) and phone is 259-5723. The club will fund this event, but donations will be accepted. As for future events this year, please make plans to attend the November meeting on November 8 when elections for the 2008 Board will be held and the December Awards Dinner on December 6.

Regarding the 2008 Board, a nominations committee will recommend a slate prior to the November meeting. Please consider helping the club continue operations by getting involved on our board. You can let any current board member know of your interest in serving on the board.

## Summary of the September General Meeting

At the general meeting in September, the club approved replacement of the kayot. A three person committee consisting of Bob Farmer, Bruce Marion, and Peter Reynaud is searching for a suitable replacement to recommend to the Board. The club also approved a modification to the courses and racing instructions for our races at Millerton. Instead of fixed marks, which have become increasingly difficult to maintain, the club approved usage of inflatable marks set prior to a given race or regatta. Details for modifying the course sheet and racing instructions are assigned to the Fleet Captains who typically meet prior to the next racing season to determine the new schedule, and the membership will be given notification of the specifics of these changes early in 2008.

## Laser Fleet Anyone?

A small group of long-time keel boaters is interested in establishing a Laser fleet for local racing and socializing. Tired of dragging two tons up the hill? Enough already of \$2,000 headsails? Anyone and everyone invited, including those of us old enough to know better. No experience necessary but you will need a boat. Looking for used boats as well. If you are interested or you have a Laser gathering dust you would like to sell, contact Allen Stegall at 559-285-7153.
